SHINING A LIGHT ON BREMEN TOWNSHIP GOVERNMENT & SERVICES

Message from Kathryn

Greeting My Township Neighbors,

This past year has been the most challenging that anyone can remember, and none of us has been immune from being negatively impacted or suffering losses one way or another.

It is with a heavy heart that I introduce myself to you and make my first appearance as Bremen Township Supervisor, following the untimely passing of Maggie Crotty. Bremen Township not only lost its finest public official, but lost a true friend to all of us.

The following pages in this issue are a testament to and reflection of the commitment that she had to help all residents and make Bremen Township a better place to live, and together with you, I pledge to continue this journey and serve with the same unquestionable integrity and dedication that Maggie possessed.

This issue also introduces you to some of the people that work behind the scenes and play an integral part in making our township work for you and keep it affordable by following the sound financial practices that have been established. It is an honor to be a part of this team and selected unanimously to lead the way to our future undertakings to keep Bremen Township in the forefront of service, cost effectiveness, and efficiency.

We will maintain our open door policy to any resident needing assistance, so please contact us with any needs or concerns to see if we can help you.

As always, my very best to all of you,

Kathryn Straniero

Your neighbor,
Bremen Township Supervisor

As challenging as this past year has been I take pride in the fact that not only has Bremen Township has been able to maintain a high level of service but were able to expand and increase Programs and Services to our residents. Like you, I am looking forward to a new beginning this coming year and have hope that the future is brighter for all of us.

With that said, let us all continue to work together to stay safe and helping each other. Wishing you happy holidays and all the best for our New Year.

Assessor's Office

Willie Jones

Working through this pandemic filled year has had an impact on everyone, and the Assessor's Office was no exception, as we learned and navigated through it to continue to assist our homeowners through the Appeals process (Sept. 16- Oct.22). In normal times, as in the past, this process is one of the times when we experience the highest volume of residents visiting our office for assistance.

I am proud to say that the resiliency of the staff, and the safeguards that were put in place, the office was successful in our residents receiving the personal assistance that they are accustomed to. Whether it be a visit to the office, or via electronically, our staff searched for comparables, assisted with written narratives, and provided any additional documentation to successfully complete the process. May we all have a brighter 2021 and Happy Holidays to all.

John Lord

Clerk's Office

The Office of the Clerk of Bremen Township is here to serve the residents of the township. I am going to alter my regular report this issue to pay tribute to our former leader and Supervisor – Maggie Crotty. Her unfortunate and untimely passing was a terrible loss for every resident of Bremen Township. The words, (to serve) was the mantra of Maggie

and she instilled that in everyone of us that had the privilege of working with her, and inspired us to follow her lead. So many of the programs and services highlighted in this issue are here for one reason – her determination to help others. Although she is no longer with us, and we will miss her dearly as a guiding leader and true friend, her example of dedication and commitment will live on. Best wishes to all in the new year.

Highway Commissioner

John Flaherty

With our road construction season ending, the Highway Department has been preparing and is ready for the upcoming snow season. This past construction season our road resurfacing projects which were addressed in multiple locations throughout the township, 160 tons of stone along with 400 yards of asphalt were used to complete these projects. In addition we re-ditched approximately 3,200 feet of drainage ditches to ensure

proper flow to help elevate flooding in our low lying areas. Planning is now underway to identify, plan and bid out projects for our next construction season in the spring. We wish to extend happy holidays and a safe, prosperous New Year to all our residents. If you have any questions or concerns please call our office at (708) 333-9534.

Board of TRUSTEES

Carolyn Carter

As Director of Community & Business Affairs for the Village of Hazel Crest, I understand the importance of establishing strong functioning relationships and cooperation between residents, government, volunteers, non-profit agencies and the business community. I appreciate the fact that Bremen Township reaches out to all segments to offer so many services, activities, and programs to all residents of all ages of all communities within our borders. The continuous effort by all members to seek and explore a variety of avenues in expansion of services is an example of how much we can accomplish by working together for the benefit of our residents. Wishing each and every one of you and your families a happy, safe, healthy, and prosperous New Year.

Mary Catuara

During these difficult and unprecedented times, Youth and Family Mental Health and counseling services are in demand and needed more than ever. I am encouraged that Bremen Township has been in the forefront of exploring the options that best suit and deliver the needs to our residents, regardless of their ability to pay. Our ongoing effort with professional agencies that provide these services confirms the commitment that we share in prioritizing this much needed assistance, and am confident that these endeavors will be successful and beneficial. Like all of you, I am looking forward to a new year filled with hope, health, and happiness. Wishing all of you and your families the very best. Happy New Year to all.

Edward Maggio

As the newest member of this team, bringing with me over 20 years of business experience in the financial sector, my instinct is to focus on the bottom line. What most impressed me was how seriously each and every member is laser focused on fiscal responsibility and their commitment to serve the residents rather than themselves. One of my first votes since joining this board was the unified decision to reject pay increases for ourselves. I am proud to be a part of this team and look forward to being involved and contributing member.

John M. (Mike) Tatro

The partnerships that we have formed with other non-profit organizations, other government agencies, and collaborations with local businesses are a benefit for all homeowners of Bremen Township. Not only does this permit us to offer more services, it allows us to help ease the burden of all our communities. Looking forward, I am excited to expanding these joint ventures, and confident that these efforts will enhance our ability to help more residents.

A Final Farewell and Tribute

In closing this edition, we would be remiss if we didn't recognize the many accomplishments and contributions that Maggie Crotty brought to Bremen Township and the lessons we learned from her. Her leadership served as an inspiration for those of us who have followed her in public service.

During her tenure as Bremen Township Supervisor, Maggie was instrumental in establishing and expanding programs and services for residents of Bremen Township. She also ensured that each and every community had the same opportunity and access to services were available to anyone that needed assistance.

The financial policies and practices that she implemented resulted in our township being awarded the highest possible rating from independent financial institutions. Her unwavering belief that all elected officials are obligated to serve as advocates for taxpayers, was her guide throughout her career, and that we were here to serve the residents and not ourselves. This resolute approach led Bremen Township to be one of the few government entities to be debt free.

Some of the most important lessons Maggie taught us by example was her steadfast demand for accountability and her

courage to stand by her conviction to do the right thing for our constituents. We witnessed firsthand her firm stand against special interest groups and their unrelenting personal attacks that were not in the best interest of our residents. This strength resulted in Bremen Township saving thousands of dollars in unwarranted expenditures and establishing a partnership with one of the best youth programs in the south suburbs, so at the end of the day, she was right. Her integrity and resolve to do the right thing is truly an example of a Profile in Courage and her legacy.
